Dear Ladies and Gentlemen,

herewith we confirm that all our products which are supplied by us, are at the time of production according the each valid status (candidate list) with the REACH regulation (Regulation (EC) No. 1907/2006).

In order to ensure this, we have written agreements with our manufacturing partners referring the REACH compliance of all products supplied to us. These confirmations are reviewed on a regular basis, once a year on additions to the candidate list, as well as on amendments to the regulation itself.

If we become aware that such a substance in a notifiable concentration is included in our products, we will of course inform the affected customers immediately.
