REACH-Declaration

Dear ladies and gentlemen,

We hereby confirm the conformity of our products in accordance with the status of the REACH Regulation (Regulation (EC) No. 1907/2006) valid at the time of production.

To ensure this, we have written agreements with our manufacturing partners regarding the REACH compliance of all products supplied to us. These confirmations will be updated on a regular basis, once a year when the list of candidates is expanded, as well as when amendments to the regulation come into validation.

In accordance with Article #56 and Article #33 of the REACH regulation, we hereby inform as follows:

As a general rule, we do not supply chemical substances itself, but articles/products potentially using these substances. Articles or products are not subject to authorisation under Article #56.

As a supplier of articles/products, we only have the obligation to provide information (Article #33) if a substance from the candidate list or the list of substances subject to authorisation (according to Annex XIV) is present in a concentration higher than 0.1%

The following list show all articles/products with a potentially concentration of substances >0.1%

Article / Product	Substance	EC-No.	CAS-No.
UV stabilizator used in polarizers for displays	2-(2H-benzotriazol-2-yl)-4,6-Ditertpentylphenol (UV-328)	247-384-8	25973-55-1

With best regards
